RASC Traditional Finest NGC Observing Program – Application

Congratulations on completing the Finest NGC Observing Program! In order to receive your certificate, please complete this form and submit it to:

Chair, Observing Committee
Royal Astronomical of Society of Canada
2564 Ridgeview Dr
Prince George BC V2K 4A2
Email to observing@rasc.ca

Affidavit:

I, _____ do attest to the following:

1. I have observed all 110 Finest NGC objects as defined in the RASC Observer's Handbook, and I wrote a detailed description of each object using high or medium power, or I sketched it.
2. I have located each of the objects without assistance from
   a) other observers, or
   b) telescopes pointed with the aid of computers.
3. I have located each of the 110 objects using star hopping or other "traditional" manual finding methods.
4. I am familiar with and have made the observations in accordance with the requirements and I am eligible for receipt of the certificate.

As evidence of the above, I am submitting either:

1. a declaration affirmed by two witnesses; or
2. a logbook or record of observations indicating the date and time of each observation of all 110 Finest NGC objects, the instrument used for each observation, and a detailed description or sketch for each of the.objects.

yyyy-mm-dd

Applicant's Name: _____ Date: _____

Address: _____

Email: _____

Authentication:

We declare that _____ has qualified for the *RASC Finest NGC Certificate* based on our review of observation records and logs provided, as well as our personal knowledge of the applicant.
