

88 Lorne Ave.
St. Catharines, Ont
Tuesday Aug. 3, 1965.

Mr. Jas. W. A. Low,
108 Roy Avenue
Apartment #102
Dorval, P.Q.

Dear Sir:

Enclosed are negative Comet Nova Search
Reports for June and July, 1965.

Nova Crucis 1963 seems to be continuing
its steady but slow decline. Here are my estimates for
the last two months:

JUNE 10, 1965	-	12 ^m . 9
" 25, "	-	13 ^m . 2
" 30 "	-	13 ^m . 2
JULY 15 "	-	13 ^m . 2
" 19 "	-	13 ^m . 6
" 29 "	-	13 ^m . 8

I do not know how much reliance to place on
these magnitudes - I am still using the 12^m. 0 star
beside the nova for comparison.

A few copies of C. N. Form #2 (Revised) would
be appreciated. I found a couple of the old ones and drew a
few copies myself.

Best Regards,

Hugh W. A. Maclean,
Niagara Falls Centre.
