Toronto 2-B, Ontario.

Dear Mrs. Fidler,

Enclosed is a suggested copy of my Comet and Nova Section Announcement number 16, re: the new Nova Vulpeculae, 1968. Also enclosed is a copy of my mailing list, which is the same as last time.

It has been less than two months since my last announcement, but new things keep popping up! I hope you will have time to get this out within the week.

I plan to attend the General Assembly in Calgary, so I am looking forward to seeing you then. I may also be in Toronto for a day or two either just before or after the Gen. Assembly.

Thank-you,

Jim Low
